## 27 January 1947.

**ILLEGIB** 

The Honorable Charles S. Murphy Administrative Assistant to the President and will be additionally Room 291 State Department Building. 

My dear Mr. Murphy:

And the second with the second of the Sign of the second seco In the absence of General Vandenberg, I wish to diam the following comments on the proposed graft of Section 302 of the Mational Defense Lot of 1947, insofar as is affects the Central Intelligence . : Groupersactions of the control of the statement of the control of

- Paragraph 302 (a) should provide for a Deputy Director of Central Intelligence to be appointed from civilian or military life by the President by and with the advice and consent of the Denate. The Deputy Director should receive compensation at the rate of \$14,000.00 per annum. It is felt desirable to include this in the legislation in order to provide continuity of action in the absence of the Director or should there be a vacancy in that office. The Deputy Director should be a man of such caliber and stature as adequately to serve as an operating deputy to the Director.
- It is felt that the phrase "subject to existing law" should be eliminated from paragraph 302 (b) of the proposed draft as It appears to add nothing to the meaning of the section. This is particular cularly true as many of the functions and authorities of whis Alenay are excepted from existing law. In this connection we have the concurrence of the Personal Representative of the President on the National Intelligence Authority. It is therefore felt preferable that section 302 (b) read as follows:

"Under the direction of the National Security Council, the Central Intelligence Agency shall perform foreign intelligence functions relating to the national security".

It is again urged that a paragraph substantially as inlies a should be included in the proposed bill:

"The Director of Central Intelligence shall serve as the Advisor to the Council on all matters pertaining to national intelligence and in this capacity he may attend meetings of the Council at its discretion but shall take no part in the decisions thereof."
